For Immediate Release

The Rubicon Trail Foundation (RTF) is pleased to announce that we have reached an agreement with the Rubicon Trail Partnership (RTP) with regards to accessing the RTF Property. We would like to thank RTP for working with us through this process. We would also like to thank the public; everyone has been very patient as we work toward access. We look forward to working with RTP and all landowners on the Rubicon, FOTR, and all the Adopt a Trail clubs maintaining access and the health of the Rubicon for everyone to enjoy. More work needs to be done to get the property opened up for everyone to use. Our first task will be working with RTP and El Dorado County to secure a boundary line adjustment (BLA). There will be plans forthcoming to work on the access route while the BLA is in progress.

RTF is planning to open the property for public access during the summer of 2016 if all goes well.

Again, the foundation would like to thank everyone for their patience in achieving this long term goal.

The Rubicon Trail Foundation (RTF) was formed in 2004. We are a 501(c)3 non-profit corporation dedicated to the future health of the Rubicon Trail and our mission is to enhance the future health and use of the Rubicon Trail, while ensuring responsible motorized year-round trail access. FOTR (Friends of the Rubicon) and RTF works with individuals, 4x4 clubs, organizations, and agencies to maintain and manage the trail. Our Officers and Directors represent a wide variety of Rubicon Trail OHV users, land owners, county representatives, manufacturers, and event organizers.
